# GEECHEE

Nineteen Hundred and Ninety Four

Armstrong State College
Savannah, Georgia

*Many students attend and graduate from Armstrong State College without ever being recognized for their accomplishments. We do not give awards to the student that has to work two jobs or the student raising a family or the student here on full scholarship or the student which has perfect attendance. Therefore, the Geechee Staff proudly dedicates this book to the truth wealth of Armstrong College—The Students. We are proud of all of you and your accomplishments.*

Tradition
1947

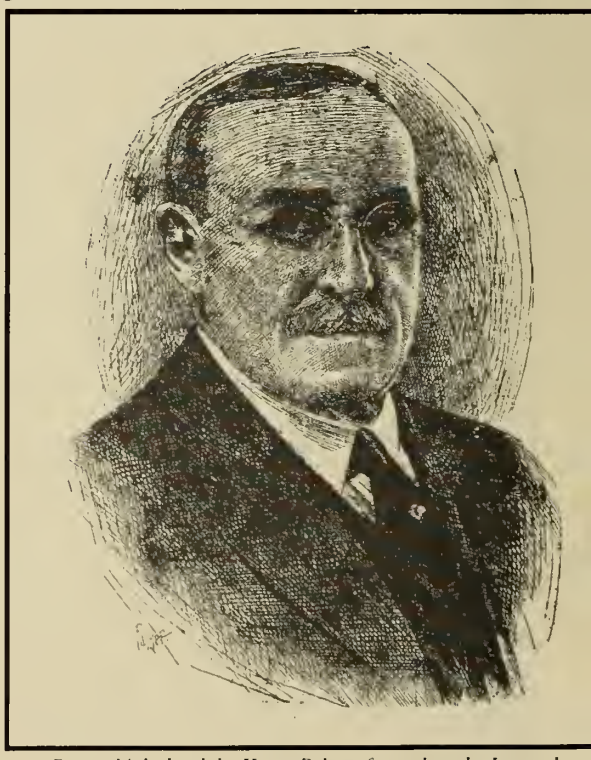
Deciding on a theme for the yearbook can be one of the hardest jobs a yearbook staff has to do. This one decision glues together the entire book, directs the eye behind the camera, and chooses the appropriate words in the copy. As we struggled over the selections, one kept coming to mind. TRADITIONS. All people, regardless of race, creed or color, indentify themselves with certain traditions that make them who they are. Here at Armstrong State College, we take traditions to heart and try to maintain them to the best of our abilities. Often there does come a time when traditions become outdated and need to be left behind. However, as students, we realize the binding force at Armstrong is the traditions that make us feel like a family and pulls us together toward the goal of a quality education and life long friendships. So in the next several hundred pages, the yearbook staff will relive the past and show what we, the 1993-94 students, leave behind for future generations.

# Armstrong Junior College

The original Armstrong building located on the N. W. corner of Bull and Gaston Street was donated by Lucy Camp Armstrong as a memorial to her late husband George Ferguson Armstrong. The Armstrong Junior College was founded on May 27, 1935 and became a fully accredited college in 1940.

### George Ferguson Armstrong

Mr. George Ferguson Armstrong was instrumental in the enlargement of the ports, appointed as comptroller of Savannah and Charleston shipping, and a member of the shipping control committee. In 1910, he was made commissioner of pilotage in Savannah. He was port representative of the United States Shipping Board for 1917, 1918, and 1919. He was a native of Guyton, Ga and started his own business career as clerk for Blodgett, Moore and Company. Later, he became an executive officer for Strachan & Co. He was a member of the New York Yacht Club, Larchmont Yacht Club and the Savannah Yacht Club, St. Andrew's Society, and Savannah Golf Club. He was very active in commercial and church movements in Savannah.



*Pen and ink sketch by Harry Palmer from photo by Lanney's studio. Ran in the Savannah Morning News in 1923.*

# FROM THERE TO HERE . . .

Armstrong Junior College began and carried on the Traditions we now have, even as the turmoil of the outside world raged on as shown on the dedication page of the 1944 Geechee: " We trust, as one glances from picture to picture, that he will feel the flow of ' life' as it actually is among the student body. It is the spirit of youth so full and so free—the spirit we have tried to maintain despite the ravages of war, having recieved it as an heritage and feeling in ou r hearts our responsibility to sustain it for posterity." As Armstrong began to grow out of the downtown facility, plans were drawn up to move its campus to a southside location. Everyone wondered why in the world anyone would move the college out in the middle of no where. December of 1965 saw the closing of the downtown campus and the move to the new facilities on Abercorn. With the move came the naming of the new buildings with often old names and losing the name Junior College to become a four year unit of the university system of Georgia. Now we are governed by the Georgia Regents and maintain over 55 academic programs. The tradition of small classes and individual attention, however, were not lost in the move. Our enrollment this year peaked at over 5600 students yet our faculty still consider teaching their highest priority and maintain a personal interaction with their students. We now have a prime location to offer to our students. Maybe some great mind back in the 1960's saw into the future and envisioned the growth of Savannah's southside, realizing that the move would allow Armstrong and Savannah to grow hand in hand.

# RELOCATING

Hodgson Hall was the home of the library and the Georgia Historical Society. In 1950, the Geechee stated "Its air of austere sobriety is symbolic of the role it plays in our campus life."

The Lane Library 1994 looks very different but yet the "air of austere sobriety" is still symbolic in the architecture.

Gamble Hall housed the math and science department. The 1956 Geechee proclaimed it the perfect setting and a modern and beautiful building.

The Language, Literature,and Dramatic arts found a home on the first floor while History owns the second floor of the the Gamble Hall on the "new campus".

Billed in 1956 as "The quiet, dignified appearance of Jenkins Hall, with its first floor classrooms, gives no hint of the hilarity which takes place upstairs in the auditorium." Okay guys, what happened in the auditorium?

Jenkins Hall that we all know and love houses the Masquers and Administrative Computer Center. Just like its 1956 counterpart, Jenkins Hall still "roles" with the emotions every quarter.

The Lane Building housed the drawing and typing departments. Although women today know their worth, we would like to applaud the women then who paved the way for our future. Way to go Secretaryettes!

The Hunt Building contained the dance studio and home economics department and on the ground floor, the student center affectionately called "The Dump'.

The Memorial College Center today houses the cafeteria, student services, and most of the publications. Student Government, the Elderhostel program, Studio A, and many more can be found in our Student Center. But maybe they had something with "The Dump:".

Solms Hall houses the political science and chemistry department. Many potential lawyers, chemists, politicians, and doctors walk from this hall to graduate school to make their mark in their chosen fields.

Victor Hall holds our school of education, psychology, sociology, anthropolgy classes, and general studies major.

If you venture through Hawes Hall, you will find biology students cutting up dead things and students who are a whiz at math and computer science.

Our gym will be replaced sometime in the future with the new facility which is now under construction. We have long since out grown this facility and are currently using trailers to house our intramurals and many other staffing offices.

The Memorial Center Annex holds our academic computer center and developmental studies.

The Fine Arts Building paints a lovely picture with its red brick and smoked windows. Naturally, art and music would call this scenic building home.

The Health Professions Building turns out all of our respiratory therapy, dental hygiene, bacallaurate nursing, associate degree nursing, medical technology, and radiology technician graduates.

Our Administration Building faces Abercorn Street and houses the business offices, President, Vice-President of Faculty and Administration, Public Relations, Registrar, Admissions, and various other administative offices.

The Armstrong State College sign welcomes all from Abercorn Street and is located outside the Administration building.

Aeiral view of downtown and Riverstreet in 1974

Here we see the same aerial view with a slightly different angle and twenty years later.

Our S.P.S. photographers took a Sunday morning ride in a helicopter to get the overhead shots around Savannah and Tybee. Here we see their easterly approach toward the ASC campus. Somehow from up here our campus seems so ordinary.

But on the ground, ASC families, friends, and colleagues bring the campus alive, turning an ordinary campus into an extraordinary home.

## Fall Quarter 1994

# Faces Old and New

The styles of dress and customs of the 50s, 60s and 70s seem alien—sometimes laughable—to those of the 90s. Can we even begin to imagine how the styles and practices of today will be viewed in the year 2010 and beyond?

Computer Science was the thing that space novels were made of. In the years to come, typewriters will be as antique as Victrollas.

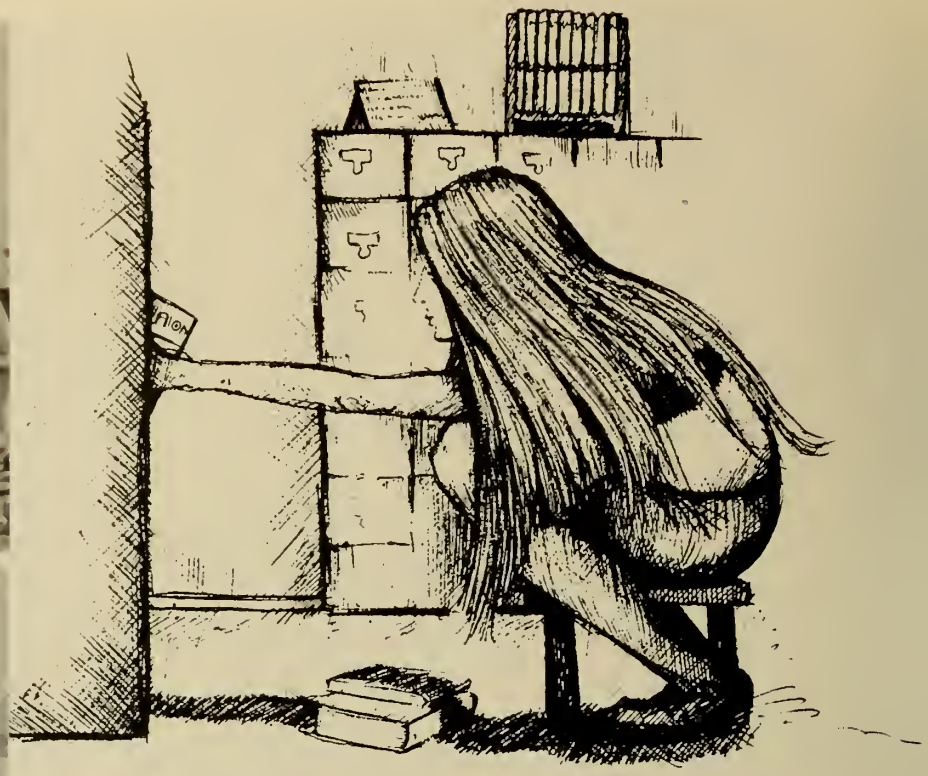
Delta Chi Sports the latest in fashion at ASC in 1966.

Dig that 'Doo—Buns and Roses

Before the age of computers, the Geechee was put together by hand the hard way. You can see, this group of students appear to take their job seriously while still having fun.

If you thought those pesky golf carts running you off the sidewalk and onto the grass were a problem, just imagine how much fun the groundkeeping crew had with one of these things!!

The 1942 Geechee Staff. Hey! That's not fair. There are 39 of them & we only have *ten* people on staff !! Al...!!!



Some things never seem to change throughout the years. There are books to be bought or borrowed, clubs to join, traditions to follow or to break. We seem to live in the library more than at home. The cafeteria food is still greasy. The campus police still irritatingly mundane, until we have need of their services and Doug Weathers is still....well.... Doug Weathers.

The "A" Team of 1954: Lettered Athletes of ASC.

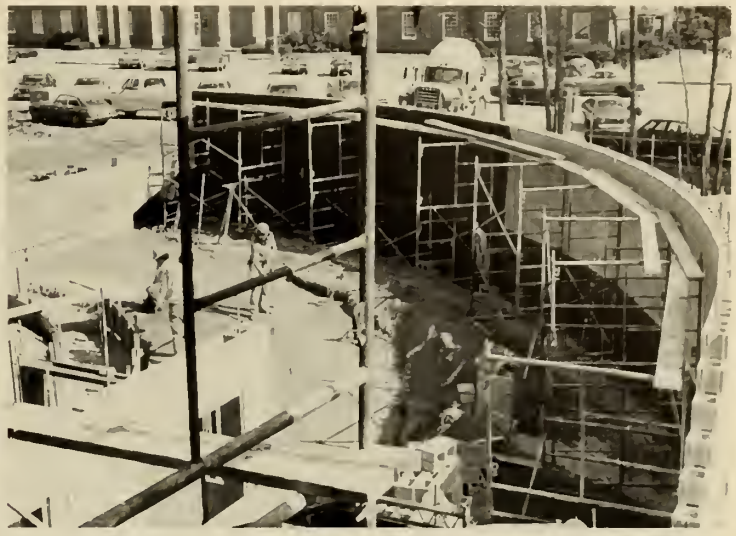
The high rollers of fashion (above), The Glee Club of the 50s (below). My how times have changed.

It may not be Woodstock, but these students of the seventies are definitely not afraid of expressing their musical opinions in the fresh air on campus.

ASC Alumni attending a Pirates Basketball game get into the spirit of things waving Pirate flags and donning eye patches and fake mustaches. Will the Pirates of ASC become a thing of the past? Will we become the Stingrays? Whatever may happen, it is hoped that support for school sports and activities remains an active pleasure for everyone to enjoy.

UNADULTERED ARTWORK COURTESY OF MARK STREETER

SGA shows pirate spirit (above), while Bill Kelso, (right) practices his pirate yell in the shower.



Construction is an ongoing process at ASC. The new Health Professions building will soon be accompanied by a new gymnasium. Now...about that new parking lot.....

The old bookstore will someday be expanded into the existing computer science lab. Oh joy. Now there will be no excuses for not handing in those term papers on time.

Out with the old, in with the new. I've got a parking decal, now if I can only find a place to park I'll be all set!

The Office of Minority Affairs at moving time. The mobile units on campus are temporary we are assured.

The Cafeteria gets a floor lift and a Chick-fil-A!

# WHAT'S HAP'NIN'

Student Activity funds provide many free services for students, including old time photo's, plays, concerts, use of the gymnasium and participation in sports and events.

Members of BSU and the Wesley Foundation revive the old Geechee spirit with a Homecoming Parade around the ASC campus complete with horses, floats and fire engine.....a very LOUD fire engine.

School can be more than just books, lectures and long hours of study. ASC allows students to participate in their education and make a difference in their own lives as well as in the community. Take time to enjoy life & discover what it has to offer. Form new friendships, meet new cultures. Take time to find out what's hap'nin'.

# Students At Work...

Students at ASC work hard to achieve their goals. There are numerous oportunities to learn valuable skills that can be put to use in the work force.

Service to the college is not only a good way to earn life experience, it is also a good way to meet new friends and help others who have less experience and can benefit from your guidance. O.K., so guide me to that FREE pizza, how 'bout it!

# And More Work...

SOME WORK LOOKS LIKE FUN!

# Lines Are Inevitable...

Standing in line is as much a part of college as long hours of study. The new bookstore promises to alleviate some of the long wait, but getting an early start is still the best way to beat the crowds.

Running late to the Faculty meeting ....Again!

Waiting in line at the Christmas Banquet.

What do you mean we have wait in line to register. Have you ever heard of registratio by phone?

"Historically speaking, lines began as a form of discipline among rowdy sailors as they entered their home ports after six months at sea....
"I didn't know that."
"Oh sure, everybody's heard that one."

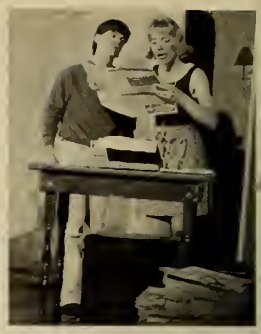
You Can count on long lines at the copier in the library around noon. Let's see... ten people divided by two copiers equals about a ten minute wait per person.

# ...Sleep Is Not.

This looks pretty good, a few more revises and you should be through in say....six weeks or so.

An Art Exhibit by Linda and John Jensen at Savannah's City Market attracts onlookers.

Artie Jones gives away a free membership to Gold's Gym to a lucky student attending one of numerous free comedy shows held every quarter in the cafeteria. Don't miss out on the fun!!



"The Star Spangled Girl" catered by Mrs Wilkes restaurant wa a big hit (above). Tro Thirdgill (left), had his audience rolling.

ASC provides an an assortment of guests to suit all tastes.

Student's (left) enjoy a comedy act in the MCC.

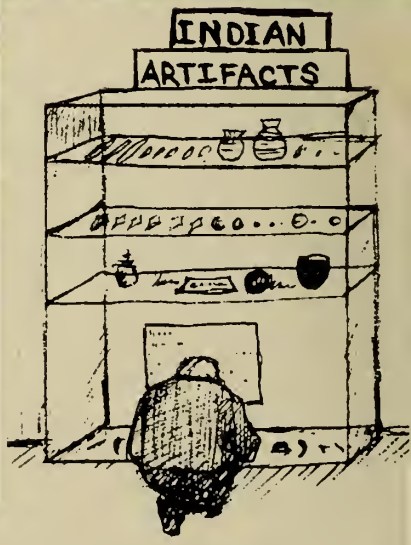
Lazer light shows are always popular, with stunning effects that dance as if alive.

Al Harris tries to break into the show business world with his imitation of Bill Clinton. "Hey Al, stick to slide shows and don't quit your day job."

You laugh...you alone. The unfunny comic team will unlikely be asked to return. The students proved to be funnier by far.

Students critique prints, offering opinions and suggestions as Linda Jensen advises.

The Hispanic Club hosts a Latin Dance Celebration at the Raddison facing the Savannah River.



# FRIENDS

Left, "Hey, that looks like fun. Can I join you?"
Above, "Thanks!"

# LET'S HEAD FOR THE BEACH!

Let's do the Conga!

Graduates of P.E. 206 practicing for Final Exams?

They're not getting rid of me that easily.

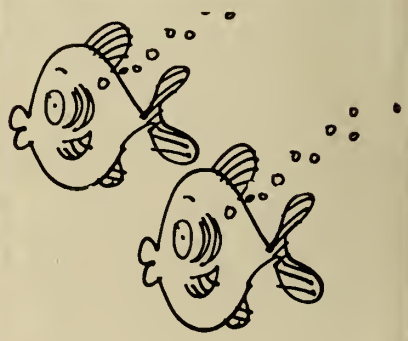
Inkwell Editor caught off guard as Tybee winds blow. Maybe this will teach you to print that picture of Al at Beach Bash '93. Pay back is..... swell?
Just kidding Shelly, we love you, but this was too good of a photographic moment to let slip away.

NO
COOLER

"Mommy! No fair! That big, bad bully just kicked sand in my face."

"Ah, poor baby, let me wipe it off."

Hmmm...it appears that someone has eyes for something other than the volleyball game going on or could this be one of the "best tan" judges getting in an early practice session?



Bird Dry

# AFRICAN FASHION SHOW

# Giving Blood is always in Fashion

Giving Blood to someone in need can save a life. ASC held many blood drives on campus to help those in flooded states and disaster areas. The whole process is fairly painless as you can see by these smiling faces and when you give of yourself, you get much more in return.

# SGA vs. The Administration

The Administration thumbs i''s nose at SGA team players. "Nah, nah, you're all a bunch of sissies!"

Eddie and Janis seem to be conspiring, "Hey let's take the microphone and hide it in the locker room. They won't even notice!"

Mona Collins chats with the referee, "Wait a minute, haven't I seen you in that pizza line before?"

"Mmmmmm.....Pizza!

The Student Government Association and the Administration shake hands after the game.

"Did you see that jump ball by Bill Kelso?"

SGA gets a laugh from an entertaining game.

"He's got legs.....he knows how to use them."

"Gee! You mention Free Pizza and they act like Animals. Hey, Whoa, STAMPEEEED! Yah."

Dean Rapella: "Gee, I kind of like all this jock stuff. Look I'm surrounded by babes!"

When in Rome, don't forget to wear underpants.

OK, First you take "x" and multiply it by "y", then you add the denominator to the numerator and calculate the square root of....

It isn't easy being green.

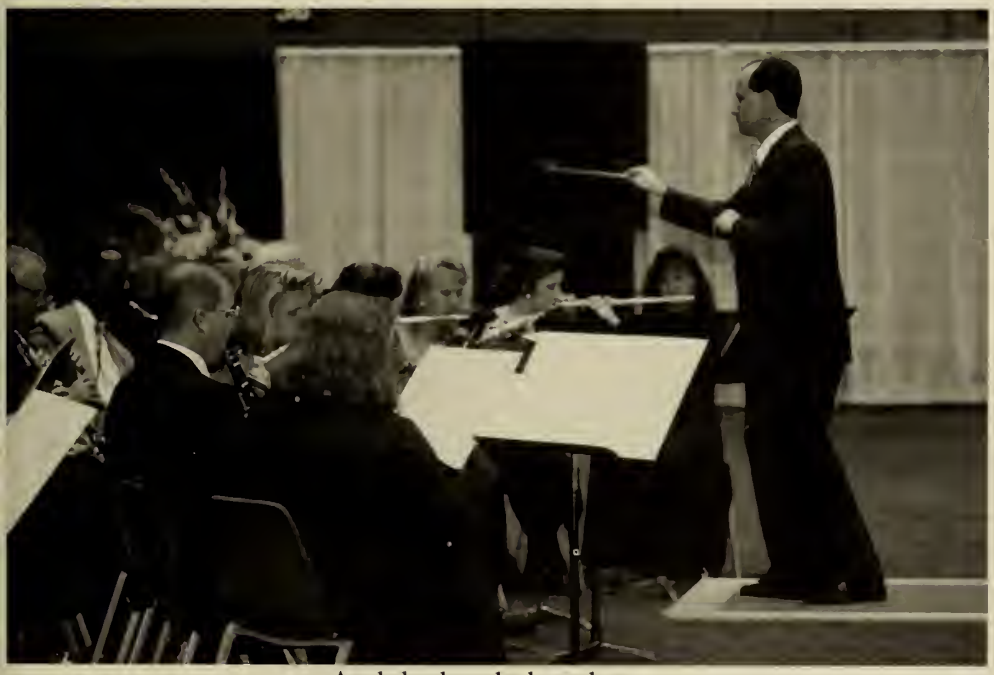
Practice makes perfect.

"I found it! I found it! Yeah!"

"I get no Respect!"

Are you sure this isn't poison ivy?

Hey fellows, neat trick!



And the band played on.

Christmas Banquet time is great.

# THE CLASS OF 1994

The singing of the Alma Mater (left). Dr. Burnett speaks to ASC graduates (right).

Hope Lyons graduating "cum" roses.

Senator Sam Nunn addresses 1994 graduates.

Dental Hygiene graduates polis their smiles.

## ASC Graduates Display the Spirit o

# Savannah

## At Her Best....

The historic district of Savannah draws crowds from near and far.

Savannah school children enjoy the March day in one of the many parks downtown.

Early morning dawns an orange glow on the Riverfront in Savannah, Georgia.

There may not be 101, but Spotty here looks like he's havin' fun.

All along the city streets, banners hang to remind everyone Savannah will be hosting part of the 1996 Summer Olympics.

Mayor Susan Weiner celebrates St. Patrick's Day.

The newly built Savannah Bridge spans the Savannah River, connecting South Carolina and Georgia.

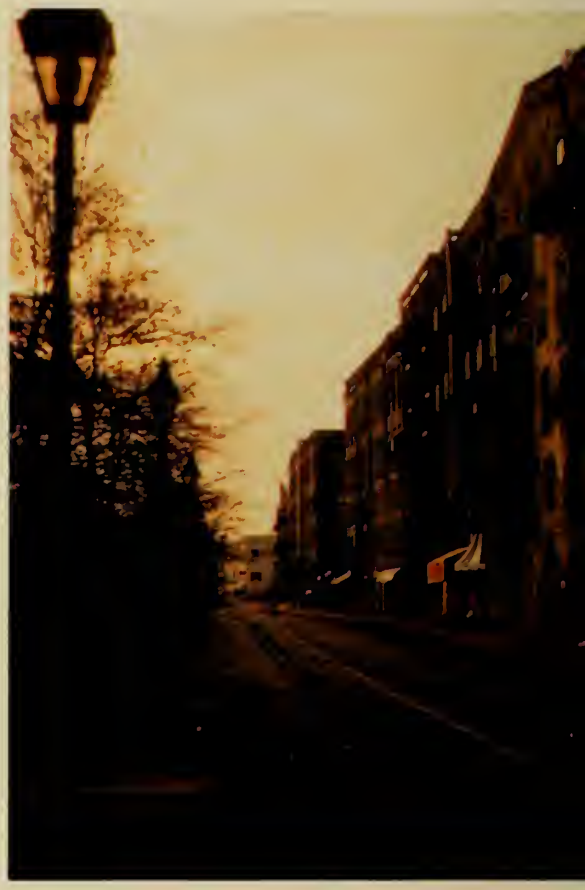
City Hall's golden tower gleams while displaying the U.S. and Georgia flags.

Savannah's fountains flow green during the week of St. Patrick's Day. Here we see St. John's Cathedral back dropping a festive fountain in Lafayette Square.

The sun rises to softly awaken our sleeping city.

Savannah barge cruises down the river on an overcast afternoon.

Savannah helps modernize the Navy by building fiberglass hulled minesweepers.



A look down River Street.

River street comes alive in the light of day.

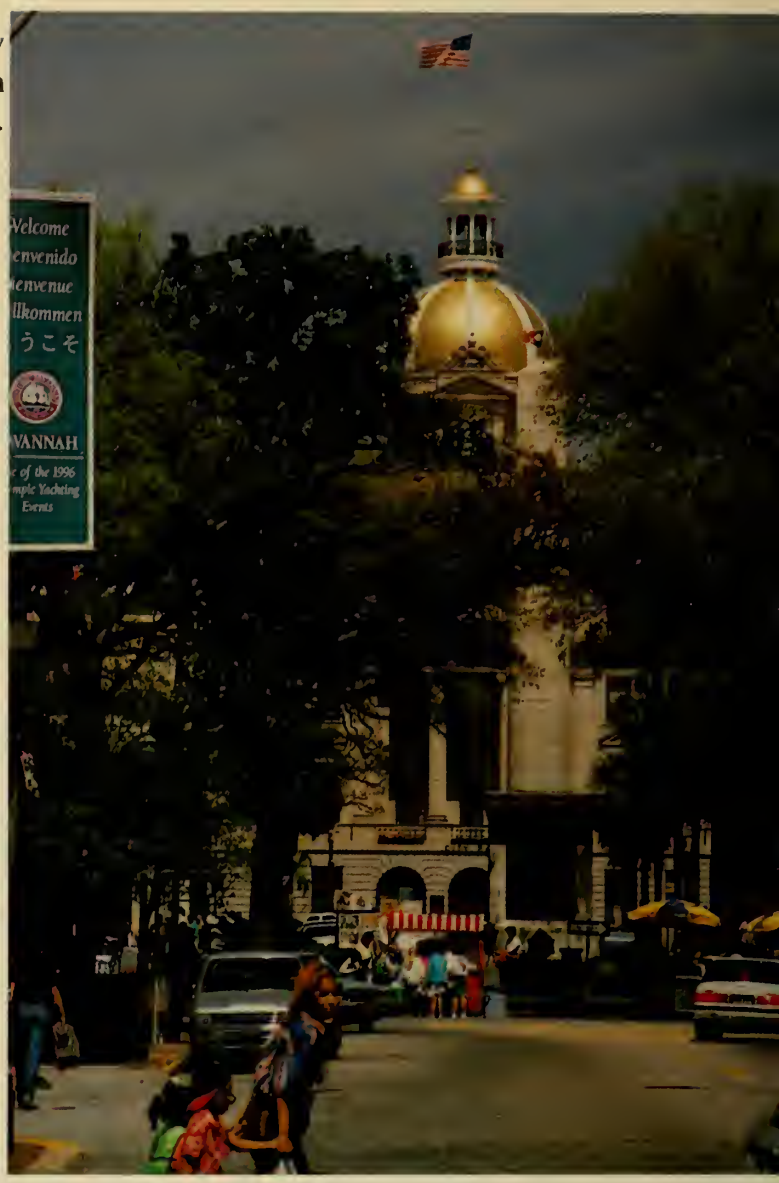
Down on the river, one might find almost any kind of boat. The tugboat *Virginia* waits to do its job.

The anchor down on River Street has become one of the most photographed sites in Savannah.

Great Balls of Fire, Jerry Lee. Here's a beautiful sundown in Savannah.

Savannah's historic backdrop has become the set for many movies. Here we see the filming of the movie, Scarlett.

A look at City Hall from Johnson Square.



River Street at night.

The Waving Girl on River Street stands proudly at sunset.

The Lion fountain sits in front of the old Savannah Cotton Exchange.

An overhead view of Forsyth Park and the statue of the Confederate Soldier.

Which way did he go? Meter Maids off to the races.

The Savannah Cotton Exchange now houses the Free Mason Hall.

An overhead view of the Savannah Harbor.

A bird's eye view of the Savannah River.

River Street from the Air.

The sunsets in Savannah are picture perfect.

The Savannah Ports Authority hard at work.

Shipping is a big business in Savannah.

Savannah promotes a step back in time.

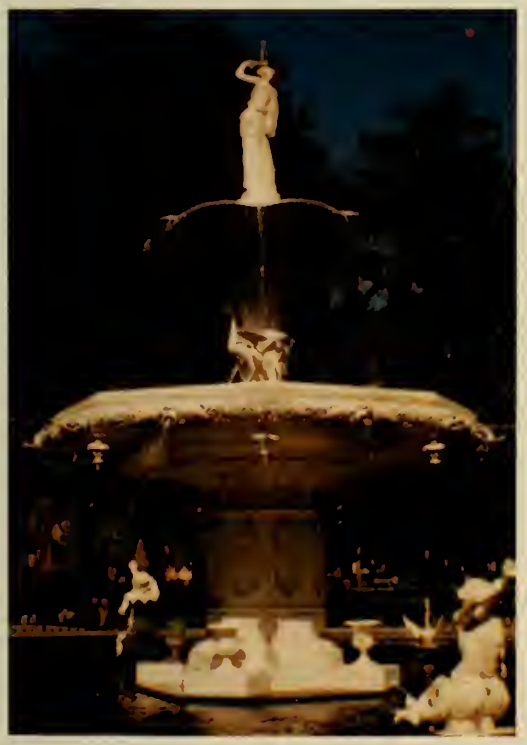
Savannah police department protects the city in the old fashioned way.

The front door of the Mercer house shows the wonderful architecture that can be found in Savannah, as well as a bit of a scandal.

The Gingerbread house makes me think of Hansel and Gretel.

Longshoreman's Alley? No, the coastal waterways are filled with private docks.

General James Ogelthorpe's statue stands in Chippewa Square.



Fountain at Forsyth Park glistens in the sun.

The sirens in the Forsyth fountain call to everyone.

Fort Pulaski, one of three nearby forts, served Savannah well during the civil war.

Fort Pulaski still shows signs of war with cannon holes in her side.

Confederate soldiers re-enact the warfare of the era.

Sailing seems to be a customary pastime for Savannahians.

Those are not seagulls. They are Tybee sunbathers on March 6, 1994.

A day at Tybee Island in April.

The Tybee Island lighthouse now beckons to passing tourists.

The Sheraton Savannah Resort, the possible home of some Olympic athletes in 1996.

Savannah Mall in the twilight.

The dolphin fountain in the center of the Oglethorpe Mall brings good luck to all.

Confederate soldiers. Is it live or is it memories?

Building Sandcastles. All in a day's work at the Savannah Mall.

Aerial view of Savannah Mall.

Just clownin' around in St. Patrick's day.

Green Eggs and Hair! I am! I am!

Yes Virginia,there is a Santa Claus!

Here comes Peter Cottontail . . . At the Oglethorpe Mall.

Stately home on Victory Drive shows Savannah's true holiday spirit.

Olympic Uniforms of 1996!

Azaelas announce the arrival of spring every year in Savannah.

WHAT IZ IT??????????

New airport for Savannah!!!!

*In the 1941 Geechee, "Armstrong students work together, are active socially, and we can present no better proof than the pictures of organizations on the following pages. Here leadership is developed and personalities are enriched and a good time is had by all. Tea dances held weekly have been a great factor in our social life, with genuine "jook box jive" providing the necessary rhythm. These pleasant affairs have all been under the supervision of Mr. F. M. Hawes."*

**Although the ASC students of 1994 do not have tea dances, we do have the video juke box in the cafeteria and continue the tradition of working together and keeping socially active in organizations here at the college.**

*"For more activities, turn the pages."*

# CLUBS AND ORGANIZATIONS

## CONSTITUTION

— OF THE —

## Armstrong Junior College Students' Association

WE, the students of the Armstrong Junior College do hereby adopt and ordain this Constitution and do hereby organize ourselves into an association, the purpose of which shall serve as a forum for the discussion of all matters affecting or relating to the welfare of the student body, and shall serve as an instrument for the self-government thereof.

ARTICLE FIRST. NAME. The name of this association shall be THE ARMSTRONG JUNIOR COLLEGE STUDENTS' ASSOCIATION.

ARTICLE SECOND. MEMBERSHIP AND VOTE

*Section* 1. Every person who shall be regularly enrolled as a student in Armstrong Junior College shall be a member of this association.

*Section* 2. Every member of this association shall be entitled to one vote at every meeting of the association.

ARTICLE THIRD. STUDENT ORGANIZATIONS. The following organizations shall be formed from the student body and shall be known as authorized organizations:

1. Athletic Association
2. Glee Club and Orchestra
3. Literary Society No. 1
4. Literary Society No. 2
5. Dramatic Club
6. Student Publication.

Other student organizations may hereafter be included as authorized organizations when unanimously approved by the student council hereinafter referred to. No student may at the same time be president or principal officer of more than one authorized organization.

ARTICLE FOURTH. STUDENT COUNCIL. Subject to the approval of the members of this association, the affairs of the association shall be conducted by a student council made up of members selected in the following manner:

(a) Two students shall be selected by a majority vote of the members of this association, who shall represent the student body at large.

(b) One student shall be elected by a majority vote of the members of this association who shall represent all social activities of the student body.

(c) One student shall be elected by each authorized organization to represent that organization, but no student shall at the same time represent more than one organization.

Each member of the student council shall hold office therein subject to the will of, and may be recalled from office at any time by the organization, or student body, as the case may be, by which he was originally elected to membership. In such event his successor in office may be elected in the same manner forthwith.

ARTICLE FIFTH: AMENDMENTS. This constitution may be amended in the following manner:

Every proposed amendment must be submitted in writing and notice given of the date when vote thereon shall be had; thereafter a copy of the proposed amendment, with written notation of the date when it shall be voted upon shall be published on the official bulletin board of the College for at least two successive weeks, and read to two successive meetings of the association; the proposed amendment shall be voted upon on the date stated in such notice, and if approved by a majority of all members of the association shall forthwith become a part of this constitution.

# Organizational Congress

The organizational congress meets every fall and spring quarter, allowing the different groups to come together and find out what the others are doing on campus. This event helps them to vent frustrations and often solve problems on campus or within an organization. It also gives the SGA a clearer idea of what the student organizations expect from them and what means to take to meet these goals. But most importantly, the congress brings the various departmental groups together to uphold our tradition of working together and showing leadership.

**Working together to make a difference!**

## *1993-94* Inkwell Staff: "They Told Us It Couldn't Be Done!"

**From *Inkwell* Staff Reports**

They told us it couldn't be done. We started the academic year with a small staff of about ten, and over the course of fall quarter, we grew to almost twenty. By winter quarter, we were enjoying contributions from all parts of campus, from both faculty and students. The Inkwell was becoming what we always wanted it to be— the true voice of Armstrong State College.

The Inkwell has been one of the long standing traditions of Armstrong State. It, along with the Geechee, the Masquers and the colors of maroon and gold, is one of the only remaining traditions still found on campus. But *The Inkwell*, too, has changed. What started out as a periodic newspaper in the 1930's has evolved into a bi-weekly publication, and it has grown from the average eight page issue to an average of twenty pages.

In 1942, The Inkwell was published monthly, and that same year, the staff put out its first six page paper. The 1942 Geechee said: "It has been the opinion of a number of faculty members that The Inkwell this year has been one of the best in school history. The 1994 staff, too, has been called one of the best in school history. Dr. Bob Strozier of Public Relations stated: "Shelley Carroll... has corralled more than two dozen talented assistants to produce an exciting publication."

Still, many disbelievers had no faith in the staff, and waited anxiously for the staff to slack off. It didn't happen. While admittedly, the issues grew smaller than the premeire 32 page issue, the staff never allowed the paper to fall below sixteen pages... which doubled the information contained in the previous year. And to their credit, the staff also avoided using wire reports and wrote all of the stories and feautures contained in the newspaper themselves.

*Ladies of the Inkwell.*

While the staff members and editors admit to being tired, frustrated and just plain sick of each other, they are resting carefully this summer and promise to come back in the fall with new ideas and lots of energy. *The Inkwell*... the tradition continues.

The dedication of this book to the students of Armstrong State College gave the names of those that walked the halls during the 1993-1994 school year. In the following pages, you will see some of the faces that correspond with the names. The students remain the lasting tradition and the reason Armstrong was founded. In the years to come, we can look back and remember our friends, relatives, and ASC family that helped to shape our lives and attitudes in a time of our life that we will never forget. So, without further adieu, on with the true wealth of Armstrong State College. THE STUDENTS.

Throughout our lives, we come in contact with people who will shape our futures—our parents, our extended family, religious leaders, role models, teachers, friends, and community figures. Our tenure here at Armstrong has been, will be, or is formed by all of the people on the following pages. Some shape our lives by everyday interaction, others stand in the background, quietly cheering and helping us on our way, while others pass so infrequently that they are often forgotten. Some provided classroom instruction, some paid the electric bill, some filed away our grades, some cut our work study checks, while others took us by the hand and showed us the right way. Once we reach the goal of graduation and move into the world beyond Armstrong, we will one day look back at these pages and remember the helping hands and encouraging words that the faculty and staff of Armstrong State College bestowed upon us. Thank you.

*Kathleen Orzada*
Secretary to the President

The Presidency of Armstrong State College follows a great tradition of outstanding leaders. On April 19, 1986, the fifth president, Dr. Robert Burnett was inaugurated to continue the ASC heritage of excellency. His inaugural address highlighted Armstrong's past and looking toward the future. During his nine years, the growth of ASC has doubled, new buildings have been brought to life, and ASC is getting ready for the twenty-first century. He received his B.A. from Wofford College, his M.A. from the University of North Carolina, and his Ph.D. from the University of North Carolina.

GET MET. IT PAYS.

*"The athletic policy of Armstrong Junior College is to provide for and encourage participating in some form of supervised athletics for all students. The first graduating class of Armstrong should be justly proud of its part in establishing a tradition for clean, whole-hearted, battling competition. It is indeed a rich heritage to hand down to the classes that are to follow."*

**These words were written by I. M. "Chick" Shiver, Director of Athletics on April 15, 1937 to the Yearbook Editor, Hinckly Murphy. Since that time, Armstrong's athletic deparment has built upon these traditions to establish a well-rounded program that excels every year.**

# Sports & Intramurals

# Peach Belt Athletic Conference

The Peach Belt Athletic Conference begins its third year as an all-sports conference with the 1993-1994 season. In the current athletic season the PBAC will hold championships in eleven men's and women's sports.

The idea for the formation of an NCAA Division II conference was discussed in November, 1988 in Greenville, S.C. with eleven schools represented at that meeting. Five of the colleges at that first meeting, along with two other schools, formed the new conference when USC Aiken hosted another meeting on December 3, 1989

The seven charter members of the new conference were Armstrong State, Columbus, Francis Marion, Georgia College, Landers, USC Aiken and USC Spartanburg. The name Peach Belt Conference was adopted in January, 1990.

Augusta applied and was accepted in November, 1990, with the effective date of membership on July 1, 1991. With the addition of Augusta, the PBAC had four members each in Georgia and South Carolina.

Another college joined the PBAC on July 1, 1992, when Pembroke (NC) State University became a membe of Kennesaw State College, located in Marietta, Georgia became the tenth member of the league on July 1, 1994.

Former Augusta basketball coach, Marvin Vanover was named interim commissioner of the PBAC in April, 1990 and served in that capacity until his appointment as the conference's first full-time commissioner in July 1991 The conference has established an office in Augusta, Georgia, which houses the commissioner and his staff.

During the 1993-1994 school year the PBAC conducted championships in eleven sports, six for men and five for women. Men's championships were declared in baseball, basketball, cross country, golf, soccer and tennis. Women's champions were crowned in basketball, cross country, softball, tennis and volleyball.

## PBAC Members

- Armstrong State College
- Augusta College
- Columbus College
- Francis Marion University
- Georgia College
- Kennesaw State College
- Landers University
- Pembroke State University
- USC Aiken
- USCS Spartanburg

# Hot Pirates Shock No. 14 Spartanburg

**From Staff Reports**

SPARTANBURG, S.C. – The mismatch turned into a miracle.

Armstrong State, having lost seven of its previous eight games, shot a season-best 70 percent from the floor Saturday night and defeated No. 14 USC Spartanburg, 95-88, in South Carolina.

Jock Page scored a career-high 37 points, including 23 in the first half and Shon Perry added a career-best 22, as the Pirates improved to 8-12 overall and 3-7 in the Peach Belt Athletic Conference.

David Keeling tries to steal the ball.

Schroyer is the open man down field.

# Tidwell, ASC Down UNC, 6-3

**By JAMES PILCHER**
Staff Writer

Armstrong State's Chris Tidwell may not have thought his performance Saturday against North Carolina was pretty, but given the circumstances, it was a thing of beauty.

The junior right-hander battled not only the Tar Heels – who came one run away from the NCAA Division I World Series last year – but also the wet conditions for a 6-3 complete game victory at soggy Grayson Stadium in the Great Savannah Shootout.

**Matt Chambers hits a single to left center flield.**

**Tony Kunka listens to head coach, Joe Roberts.**

**Deron Spink holds North Carolina runner close to first base.**

Short stop, Jay Sheppard anticipates the next defensive move.

Preston Taylor slides into third base.

Larry Vrtiska stretches for a perfect strike.

## On With The Show . . .

And the winners are . . . Miss ASC Robin Mitchell, First Runner-Up Skye Baxley, Second Runner-Up Dannielle Wolf.

The opening number of the show with the candidates and the ASC cheerleaders dancing to Fifties music.

The former Miss ASC, Kim Whitfield, poses with Miss Georgia 1993.

Several candidates nervously wait backstage for the show to begin.

# Homecoming Queen

## Tiffany Stephens

Tiffany's father, Ronnie Stephens, escorted her during the crowning ceremony at halftime of the Homecoming basketball game in February. Because she is close to her father, Tiffany chose him to escort her instead of the customary boyfriend.

Tiffany Stephens graduated in June with a degree in Dental Hygiene after four great years at Armstrong. Now she'll be moving to Decatur, Georgia where she has a job waiting for her. Tiffany finally let her friends talk her into running for Homecoming Queen this year, and now she's glad she did. She enjoyed the experience of running for Homecoming Queen and says every girl should do something like that at least once while they are at school. During her free time, Tiffany likes bicycle riding, meeting people, cooking, and playing games.

# Who's Who at ASC

## Clark Kuntz

Clark Kuntz graduated from Bradwell Institute in Hinesville, Georgia, and then enrolled in Armstrong. He graduated with a double major in Early Elementary and Middle School Education and plans to go to graduate school next year while teaching in the Atlanta School District. Currently he's student teaching Kindergarten at Joseph Martin's School in Hinesville. While at Armstrong he wrote for the Inkwell and helped with the production of several plays. He also worked on the Geechee staff his junior year here at ASC.

Some of the activities that Clark has participated in during his years at Armstrong include:

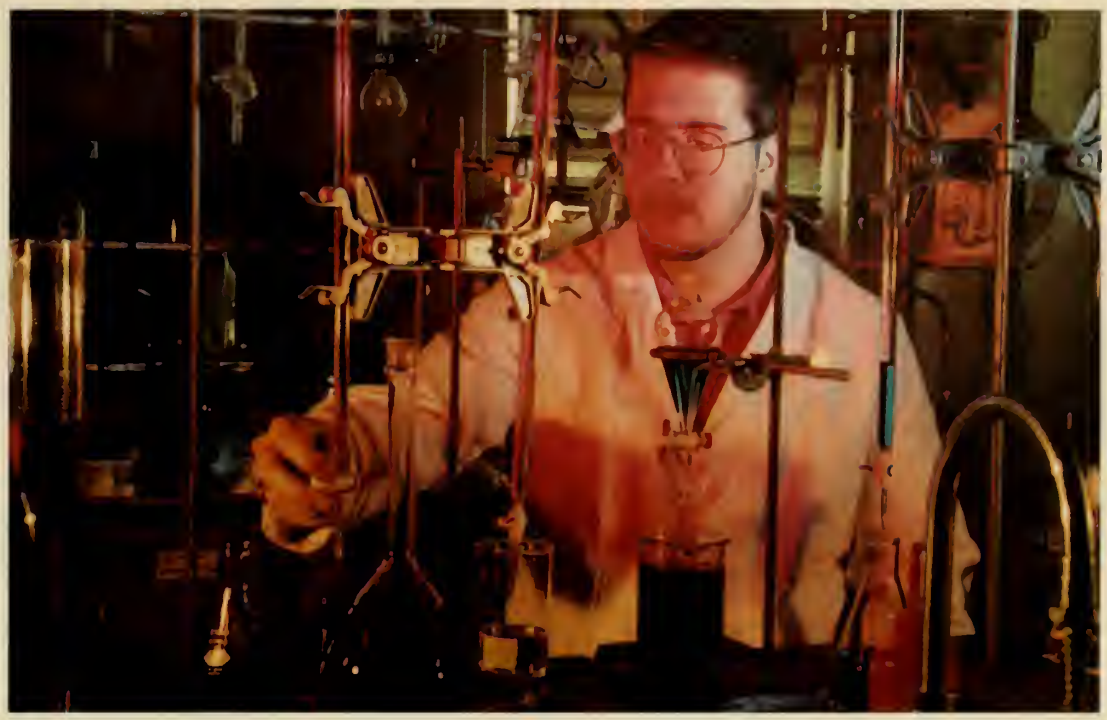
- All Amercan Scholar
- SGAE ASC chapter President
- State of Georgia SGAE President
- Student Services Committee Chair
- CHAOS Leader
- Chatham County Association of Educators Board of Directors
- United States Achievement Academy
- Henry L. Ashmore Award
- Silver "A" for Service
- Joseph A. Buck Award

## Shawn Buchanan

Shawn Buchanan came to Armstrong after graduating from Campbell High School in Smyrna, Georgia. His major is Criminal Justice and his minor is Economics. His goals after graduating are to attend graduate school and then get a job with the Federal Government. He also hopes to contribute something to the world and leave his mark. When not busy with school work, he enjoys reading, gymnastics, weight lifting, karate, and flying remote controlled airplanes. He advises underclassmen if you do nothing else in college, at least attend your classes; you can learn a lot just by listening.

Some of the activities Shawn has participated in during his years at Armstrong include:

- Cheerleader for three and a half years
- Member of Student Honor Court for two years
- Vice-President of Honor Court for one year
- Sophomore senator
- Economics Club three months
- Volunteer fireman for two years



## Kenneth L. Strickland

Kenneth Strickland graduated Magna Cum Laude from Jackson High School in Jackson, Michigan, with a 4.0 grade point average. He attended Jackson Community College for one year, then transferred to Armstrong where he will graduate with a Bachelor of Science in Chemistry. He also minored in Physics and Physical Science. In his spare time he likes to cook, go fishing, and participate in athletics.

While at Armstrong, Ken has stayed busily involved in the following activities:

- Senator on Student Government Association
- Parliamentarian
- President Pro Tempore of the SGA
- Member of Awards, Community Service, Election, Finance, and Student Services committees
- Joel H. Hildebrand Chemistry Honor Society
- American Chemical Society member

## Beverly English (and Emoo)

If Annette and Aaron would have let me have my way I would never have appeared on this page. I wanted to use the photo of me standing next to Emoo's rump and entitle it "What's What," but some people just have No sense of humor. It's rather ironic that I haven't even figured out *Who* I am yet, but somebody must think I'm special. I keep hoping one day I'll figure out what I want to be when I grow up and then can live the rest of my life in peace, but for now I keep searching, hoping to find the answers or that they'll find me. As far as I'm concerned everybody is a Who, including Emoo. One day maybe I can prove that to people, though sometimes I have problems proving it to myself. I don't ever want to be cruel and uncaring but it gets hard sometimes. That's when having friends comes in handy and I'll miss my friends at ASC. They are *who* shaped me into *what* I am and that's what really matters most. On the other hand if they try to take this Who's Who certificate away from me I'm gonna put up a fight! Ah well, it was nice while it lasted, eh? ...and you wonder why I chose to major in Psychology!! Just remember, it doesn't matter how well you do in school or how many awards you can accumulate. If you are a person who cares and tries to help others, if you can make a positive difference in the world, no matter how small, you're already half way to Who-dom; and wis-dom and understanding will always be the greatest awards you can achieve. Go for it!!

**Susan Parker**

Susan Parker is from Andover, Massachusetts (about 20 miles north of Boston), and has been in Georgia for just over three years. She will be graduating in December 1994 with a Bachelor of Arts in English. She plans to eventually attend graduate school for a Master of Arts, and possibly a doctoral degree. The Victorian and American Colonial periods of literature are her special areas of interest. After she completes her education, she wants to go into editing and publishing, public relations, or broadcast news as either a producer or a reporter.

Some of Susan's accomplishments so far include:

- Dean's List since enrollment, January 1992 - present
- Sigma Tau Delta National English Honors Society, 1993-94; Alpha Gamma Rho Chapter Vice-President, 1993-94
- Jones Scholar Award, 1994
- All-American Scholar Award, 1993-94
- Lillian Spencer Award for Critical Essay, 1992
- Associate Editor, *Calliope* literary magazine, 1993-94 edition
- Book review staff writer, *The Inkwell* newspaper, 1993
- Internship, staff writer, City of Savannah Public Information Office, Spring Quarter 1993
- Internship, staff writer, WSAV News, Savannah Spring quarter 1994
- Writing Center tutor, 1993-94
- Published writer, "The Bed Is Made" and "The Old Verities and Truths: Hope in the Heart of Darkness," *Calliope* literary magazine, 1992-93 edition

# The rest of the students from Armstrong who made the Who's Who list.

***Unfartunately, we were unable to get photographs of these people before our deadline.***

## H. Marlin Baker

Marlin Baker graduated from Armstrong with a degree in Elementary Education. While at ASC he has been on the Dean's List six consecutive quarters and was awarded a scholarship from the J. Pauline Gooch Educational fund in September 1993. He has also participated in community activities such as being the President of Savannah Assembly, a nondenominational fellowship, various church activities including youth work, and coach of a men's softball team.

## Brandon Isaacson

Brandon Isaacson graduated from Armstrong with a degree in Chemistry/Pre-Med. While at ASC he has received the Freshman General Chemistry Award, Alumni Scholarship, Biology Scholarship, Chemistry Scholarship, Hodge Memorial Scholarship, and was a member of the Joel Hildebrand Chemical Honor Society. He has also been the SGA Vice-President, the Vice Chair of CUB, and treasurer of the American Chemical Society. Other communities he has participated in include Adopt-A-Highway, Ronald McDonald House, Silent Witness, and patient transporter for Memorial Medical Center.

### Jennifer Mathis

Jennifer Mathis graduated from Armstrong with a degree in Physical Science. Some of the activities she has been involved in while at ASC include CHAOS Freshman Orientation Leader, SGA Senator, ASC Dance Team, a member of Alpha Gamma Delta sorority Activities/Philanthropy Officer and Social Standards Officer, Alcohol Awareness Week committee, Financial/ Expenditure Committee, Lead Retreat participant, and Miss ASC candidate. She has also done volunteer work at the Social Apostolate.

### Kelly Nelson

Kelly Nelson graduated from Armstrong with a Bachelor of Science in Nursing degree. While at ASC she has been an BSN Student Affairs Committee member, the Public Relations Chairperson for the Georgia Association of Nursing Students, *Inkwell* columnist, and an Advanced Star Student at Memorial Medical Center, the BSN senior class Banquet Chairperson, and a member of Sigma Theta Tau. She has also worked with the Volunteer Action Committee (Open Arms).

### Charlton Riegner

Charlton Riegner graduated from Armstrong with a degree in Chemistry. While at ASC he has been the President and Vice-President of the American Chemical Society, the Arts and Sciences Senator on the SGA, and participated in intramural sports. He has been involved in community activities such as the Inner City Night Shelter, Ronald McDonald House, Adopt-A-Highway, and blood drives.

### Stephanie Stapleton

Stephanie Stapleton graduated from ASC with a Bachelor of Science in Nursing degree. While at ASC she has participated in the following activities CHAOS Leader, LEAD retreat, Alpha Gamma Delta sorority, Dean's List three times, *Geechee* Staff, intramural flag football, and several SGA and CUB events. As a member of Sigma Theta Tau, she has been the President, Vice-President, House/ Ritual Chairman, Publicity Chairman, and has received the Vice-President Scholarship twice. Other activities she has been involved in are Armstrong Fest for four years, Alumni Taco Booth at NIOS, Ronald McDonald House, and Inner City Night Shelter.

### Christina Van Dyke

Christina Van Dyke graduated from Armstrong with a degree in English with a Teacher's Certification. While at ASC she has participated in the following activities Editor and Coeditor of the *Calliope*, President of Sigma Tau Delta, and Writing Center Tutor. She was also a resident assistant, new student orientation leader and played intramural field hockey at California State University in San Bernardino.

### Charlotte Wood

Charlotte Wood graduated from Armstrong with a Bachelors of Science in Nursing degree. While at ASC she has been the President and the first Vice-President of the Georgia Association of Nursing Students, a member of Women of Worth, and was eligible for membership in Sigma Theta Tau. She has also been involved in community activities such as a volunteer worker with the Savannah Vet Center and VA Outpatient Clinic, is a member of the McIntire United Methodist Church, and went on a mission trip to Mexico with Mission on the Move.

### Russell Zittrauer

Russell Zittrauer graduated from Armstrong with a degree in Chemistry. While at ASC he has participated in the following activities Arts and Sciences Senator, ASC cheerleader and captain for three years, resident assistant, and CHAOS leader. He has been the Parliamentarian of the SGA, and has helped with DARE rallies, HUD (underprivileged and at-risk children), Red Cross volunteer, Adopt-A-Highway, MDA (telethon and pool parties), and cheerleading camp director.

Even the Campus Police, who are often taken for granted or overlooked, are moving up. Now they have a building that's bigger than a broom closet.

Students were happy when the new bookstore opened this year.

Armstrong goes high-tech with the Distance Learning Classroom. Now students can take classes taught by professors in other cities.

# Armstrong State College Pirates win the NCAA Dvision II Regional Tournament in Columbus, Georgia and are off to the NCAA Division II World Series in Montgomery Alabama.

1994 ASC baseball team after winning the Regionals.

ASC Pirates take a moment before the start of the second game at the NCAA Division II World Series.

Pirates are asked for autographs by local children at the World Series.

Coach Joe Roberts shakes hands with Wingate's Coach after Armstrong State College Pirates wins the title game 12-2.

Pirates make waves in Alabama.

The team traveled to Montgomery on Memorial Day weekend to begin their fight for the National Title. A rain delay in the first game did not hinder the Pirates from beating Lewis University 9-5 on Sunday, May 29. The team went on to play the Central Missouri State College Mules on Tuesday, losing 8-7. ASC replayed Lewis University to stay alive in series play but lost 4-3 Wednesday afternoon. The caliber of the teams in this tournament was unbelievable. Congratulations to the ASC 1994 Pirates baseball team. We are proud to say that this team was ranked 5th in the nation.

Even though it has been reported that no one ever shortens our name to Armstrong State, we may pass this billboard daily, driving west on Abercorn. Could it be that someone does? Well, maybe great minds do not think alike.

## Great Minds Meet and Clash Over The Changing Of The Mascot

*By: Geechee Staff Reports*

The adminstration decided to change the image of Armstrong State College. During that process, they made the decision to change the mascot from the Pirates to the Stingrays. They assured the students in a press conference that NO ONE ever shortened the name to Armstrong State. So ASC would never be called Armstrong State Stingrays, causing a rather unfortunate acronymn. However, the students protested not to the change, but because they were not consulted. Their voices became so strong that the Administration backed down and reconsidered—after saying in the press conference the decision was final. The open-door policy that this college has become famous for proved to be the one saving grace in this seemingly dark time in ASC history. Next year, ASC may see the change to a new mascot, but this year everyone proved that they were more than willing to listen to each other. A good day for the students and Administration.

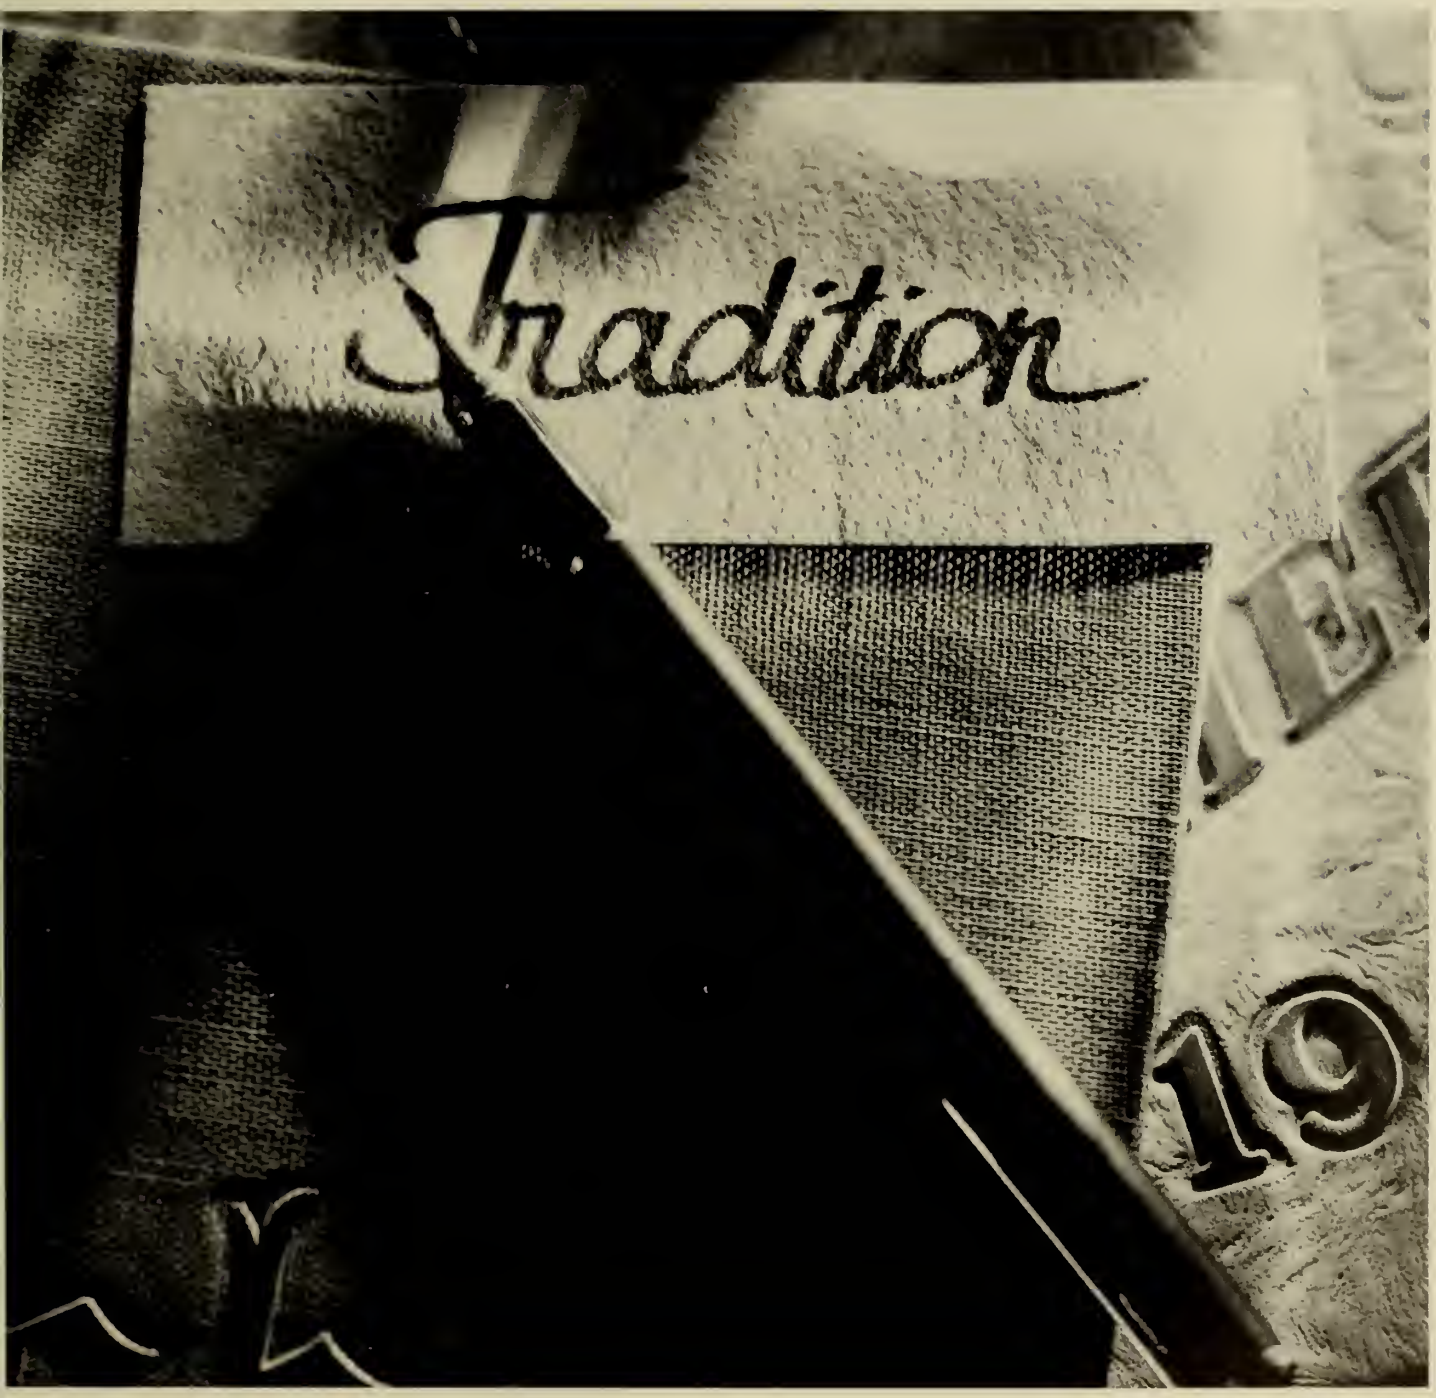
# Freshman Class of 1993 - 94

Putting it all together

Just as we walk along these hall, so will our children. Our contributions to this college will long be remembered in either praise or condemnation. As you have seen in the previous pages, we compiled a few of the "one and onlys" of this school year. We fully understand that many of these traditions will continue. However, never again will these same people hold these honors. In years to come, buildings will be replaced, but no one will ever be able to build what we have built. Mascots may change but never again will the same students be here to confront the Administration. Whether considered good or bad, these are the memories we leave behind for the future students here at Armstrong State College.

# LEGACIES



What do you mean there was a deadline last week?

Al, I'm working. I'm working.

Hey, they have men in these things!

Annette, you have to use the camera!

The years fly by. I look at this and remember back five years.

## *Personal Dedication*

The three people in my life that stood by me during all the trials and tribulations of this year and that are the reason that I

do everything that I do.

My children, Bo, Jennifer, and Crystal. I love you. Thank you for making my life worth while.

# *FROM THE DESK OF THE EDITOR*

When I started this project, I had no idea what I was doing. I only knew that there were no applicants for the editor's position. If no one took on the job, then ASC would not have a yearbook. Well, that thought disturbed me. So, I applied. As it turned out, several others applied after I did, but the board had confidence that I could do the job. If only they knew how scared I was to attempt this project. I only look at my high school yearbooks about once every five years or so, but they are there, holding all my forgotten memories. Well, this year book will hopefully in the years to come bring back some forgotten memories for you and make you smile. I can't say this has been one of the most enjoyable experiences of my life, but I must say it taught me a lot. For instance, how to say NO! I never realized the commitment and the details involved in putting together a 288 page book. But, I'm glad that I tackled it and accomplished it. In the years to come, I'll probably look at this book and say I should have or could have done things differently. But some wise one told me that it wouldn't be that way if God didn't want it. So maybe he was right. The staff and I came across several obstacles this year from six rolls of class pictures with not a name sheet in sight, losing a computer, and an electrical storm that lasted one whole weekend. We survived and the accumulation of our work brought forth the previous pages. I would like to say a special thank you to Darrell Stephens, Beverly English, and Aaron Baker for their help getting the yearbook done. And most of all, to my family who believed in me.

**Regards,**
**Annette T. Logue**
**Editor-in-chief**
**1993-1994 'Geechee**
